City of Seattle/DCLU Temporary Noise Variance Application

CRITERIA/QUESTIONS

Criteria:

The DCLU Administrator may grant a temporary noise variance, not to exceed 14 days, for any activity, use, process, or equipment which does not annoy a substancial number of people and does not endanger the public health or safety (as deermined by the Administrator in accordance with rules and regulations).

Please answer the following questions (use as much space as needed): 1. Reasons for requesting a temporary noise variance from the City of Seattle. A. B. C. etc. 2. Have the DCLU and applicant considered the community to be affected? 3. What conditions will be employed to lessen the impact on the community to be affected? 4. Does the application demonstrate that it meets the criteria for a temporary noise variance? 5. Did DCLU Noise AbatementCoordinators perform a site field evaluation?
